Workshop on Section 404 of the Clean Water Act Permit Application Information Needs & Pre-Construction Notification Requirements for Nationwide Permit 21, Surface Coal Mining Activities

This notice announces a workshop that will be conducted by the Louisville District to discuss regulatory requirements associated with Section 404 of the Clean Water Act Permit Applications & Pre-Construction Notification Requirements for Nationwide Permit 21, Surface Coal Mining Activities.

Where: Hazard, KY - The Forum

When: Wednesday August 27, 2003, 10:00 a.m. - 3:00 p.m.

The purpose of this workshop is to provide applicants and their agents with an overview and guidance on the information requirements for a complete application serving as pre-construction notification for Nationwide Permit 21, Surface Coal Mining Activities involving discharges of dredged or fill material into waters of the United States. Interagency representatives will be present to answer questions and facilitate an understanding of permit requirements.

Additional workshops will be held in the states of West Virginia, Ohio, Kentucky, Virginia, and Tennessee.
